### ***Join us for an engaging and interactive afternoon:***

- *Listen to Marilyn's presentation based on her new book, **Integral City***
- *Explore what happens when courageous dialogue surfaces differences, makes new connections, opens new pathways, brings hope, and creates city learning*

Healthy cities evolve best when many different types of intelligences are integrated from diverse sources in a whole systems approach. Marilyn's presentation outlines a big picture framework that offers new proactive options for complex issues such as housing and homelessness.
